Iron	+	+	+	+	+	+	+	-	+	+	-	+

KVZ-12 = use Primer KVZ 12
KVZ-16 = use Primer KVZ 16
PU-10 = use Primer PU 10
LF = use Primer LF
- = usage no recomendet
+ = Good adhesive qualities without primer
* = For better adhesion use primer, which consists of the acrylic sealant and water (1 part sealant + 3 parts water).

Cleaner

TEKASAN
mildew remover.

APURSIL

universal cleaner for home use. It is used for cleaning the remains of stickers and various adhesives. Also for cleaning various stains on carpets.

TEKAPUR CLEANER

for cleaning fats, oils, tar, waxes, non hardened polyurethane foam, glue residue and fresh sealants

TEKAPURSIL S

for the removal of hardened silicone.

TEKAFIN

for cleaning tools used for application of sealants
